## POLICY

### Support for Local Meets

---

#### **Purpose:**

- To ensure that club members have clarity of which meets are supported by the Club and Coaches, and the criteria for team selection where appropriate

#### **Scope:**

- This policy applies to all meets run by clubs affiliated with Swimming Wellington

#### **Policy:**

- The Development Sub-Committee (DSC) and Head Coach shall prepare an annual plan. This plan shall stipulate which local meets will be supported by the club and coaches. The plan shall be ratified by the Board, and published on the web site
- Where a local meet involves teams or relays, the criteria for selection shall be set by the DSC and Head Coach, and shall be published as soon as practical after such information becomes available
- Where meets are not actively supported by the club and coaches, individual swimmers may still attend as individuals. In such instances, the swimmers must meet the administrative timeframes set by the Race Secretary. Swimmers shall be encouraged to discuss attendance of these meets with their coaches prior to registration
- Team managers shall be appointed for all meets by the Officials Coordinator
